THE UNITED STATES COURT, MARCH 13-Hon. GEO. S. BRYAN, PRESIDING .- The only matter before the court on Saturday was the case in admi raity of Luke Fmith against Joseph Foss, master of the ship Pacific, for assault and battery. George D. Bryan, Esq., was heard for the libellant, and Thomas Y. Simons, Esq., for the respondent.

COLORED PASSENGERS ON STEAMSHIP LINES. In New York, on Thursday, in the case of Louisa Jacobs against the Atlantic Navigation Company, in which the plaintiff (colored) claimed damages for being refused first-class passage on a steamer to Savannah after purchasing a first-class ticket, the jury were unable to agree, two standing out for the defendants, and were discharged.

THE TELEGRAPH OFFICE. The inconvenience of not having any telegraph office in the principal business portion of the city is daily felt and hourly complained of. There are many reasons it is true, why there should be a telegraph office just where there is one at present, but there are many more, as all business men will acknowledge, why there should be at least a branch office down town.

THE LATEST CURE FOR LOVE .- The female principal of a young lady's seminary in London oures the innumerable cases of "falling in love" that occur among her pupils, with close confinement and doses of senna tea. She says the tea never tails. Sometimes the girl gives in after a few doses, but usually it takes two or three days, and in one case she was a whole week effecting a cure. For a school girl's "calf love," she declares there is nothing like

MAGNOLIA CEMETERY.—The fine spring weather is causing crowds of visitors to repair to Magnolis, to view the quiet and picturesque scenery of earthly resting place of some departed loved one. The half-hourly line of omnibuses, just established connecting the city with the cemetery, is a grea convenience, and will, as soon as its advantages become generally known, meet with liberal support. The proprietor, Mr. Graham, has our thanks for kind

ACCIDENT TO A GEORGETOWN TUG. The steam tug J. R. Staples, while towing up the Wacwas discovered to be on fire below decks. The tow was immediately cut adrift, and the boat run ashore. when every exertion was made to suppress the flames. The upper works, houses, decks, &c., were consumed, and machinery budly damaged. Great credit is due Captain Springs and his crew, who, with the assistance seat them from Buck's Mills, saved his boat from entire destruction. The J. R Staples was fermerly owned at Norfolk, Virginia, but used at Georgetown, South Carolina, and is partially insured. The damage will be speedily repaired, and the tug soon at work again. "Nobody hurt,"

THE SPECTACULAR DRAMA seems almost as popular at the South as in the North. Manager Whitman's company closed a very successful engagement of two weeks in Savannah on Saturday last, A complimentary benefit given to Mr. Whitman by the leading citizens on Friday night drew an overwhelming audience, and the style in which the fairy pieces, Cinderella and Undine, were brought out a la Opera Bouffe is highly praised by the papers of our sister city. It was hoped that these attractive plays would have had a run of a fortnight in Charleston; but the pre-engagement of Hibernian Hall renders it impossible, and the company will appear here on two evenings only-to-night and to-morrow night. Cinderella will be given this evening. It is described as a light and sparkling medley of song, wit, acting and admirable sceme effects. The piece is interspersed with ballet interludes in which the graceful star, Mile. Diani, will appear, supported by the Parisian corps de ballet, and closes with the beautiful transformation scene. Undine is on the bills for to-mor row night. Seats can be engaged for either night at Holmes' book store. On Wednesday morning the

company departs for the North.

THE KRAKEN REDIVIVUS .- Captain Perry, of the buoy tender Maggie, which arrived at this port on Saturday morning, reports that about ten days ago, while off St. Simon's Bay, on the coast of Geor-gia, he fell in with a dead monster of the deep floating on the surface. The carcass stood ofteen feet out of water, and was about thirty feet long by twenty wide, with an alligator shaped head attached to the body by a neck about fifteen feet in length. As well as could be judged, the creature was shaped like tortoise, and had been dead for some time, as the atmosphere was tainted with the smell. Captain Perry sailed within five feet of the carcass, and would have taken it in tow but a gale was rising and he was anxious to make an offing. The Captain, who is an old whaler, says that he has never seen such a sight, and judges that the unknown creature must have been one of the oldest inhabitants of the briny deep, as the corrugations on its back showed that it had attained an advance i age. The "strange fish" was subsequently seen by several of the pilots and the lighthouse keeper of St. Simon's, who all corroborate Captain Perry's statement. When last s.en the body was drifting toward land, where it will probably remain and furnish phosphates for future gene-

INSPECTOR OF GUANO.-The communication of Professor C. U. Shepard to Governor Scott, on the subject of appointing an inspector of fertilizers, has naturally directed the attention of the public to this important matter. It is self-evident that the planters and farmers of the country are liable to great imposition in having worthless mixtures or adulterated guan passed off on them as valuable manures, and that it is the duty of the State, as far as practicable, to protect them from such swindles. If, then, it were possible to get a good man as in spector of guano or fertilizers, and every ton so'd could be made to pass under his inspection, a great public good would be accomplished, which would more than compensate for the high salary which such such a man would undoubtedly demand. The cer-tificate of such an officer would be the only guarantee that the purchaser need have that he was get-ting a good article. But if the office should be filled, as most of the State offices are, with a man who would look only to plunder, the thing had better be left alone, and planters and farmers left as now to find their only security in dealing with responsible houses. Charleston manufacturers of fertilizers, and Charleston merchants of standing, who are agents for manures, have too much at stake to sell a bad article, and their bill of sale is as good as any inspector's certificate. The chief use of an inspector would be to protect the regular business men as well as the planters from sharpers, and that would not be effected if the inspector was himself a sharper.

MASONIC TESTIMONIALS. - At a recent meet ing of LaCandeur Lodge, No. 36, A. F. M., the brethren, in high appreciation of the efficient services of Worshipful Master Joseph Bock, presented him with testimonials in behalf of the fraternity, consisting of a silver sugar dish and cream pot, on which was inscribed; "Presented to Past Master Joseph Bock, by LaCandeur Lo ge, No. 36, A. F. M., March 12th, 5869, Charleston, S. C." The engraving is by Fischer in his best style, reflecting credit on his taste and skill. The articles are from Messre. Wm. G. Whilden & Co., King-street, and are elaborately chased and ornamented. The following are the remarks of Junior Warden D. Muller on

worshipful Master Bock—I have the honor and pleasure of presenting you this evening, in the name and behalf of the brethren of Ledge Lacandeur, with this humble token of their affection and esteem. Although you are yet young in years, you have already well deserved of Masonry in general, and especially of our Lodge, and as it is an honor to you to have well merited our gift, it will be a grateful recollection to those coming after us, that our brethren could appreciate your noble and benevotent efforts.

tent efforts.

Please accept of our offering with the same spirit with which it is tendered, not for its intrinsic value, but as a perpetual memorial of your own worth and of the appreciation and gratitude of Lodge LaCandons

Brether Book responded as follows: Brether Bock responded as follows:

Brother Muller—I sincerely thank you for the kind manner in which you have conveyed to me the sentiments of our beloved Lodge, and the very valuable present, of which I am the fortunate recipient.

Brethren of La Candeur Lodge, if I have ever deserved the approval of the fraternity, and have faithfully borne my part in the holy Masonic work, I acknowledge with pride and pleasure that your encouragement and active assistance are entitled to the greater portion of the merit. You have, however, given my poor exertions mere than they deserve, and if I may accept this beautiful testimonial of your regard, it is with the determination of earning it by enlarged charity and more perfect Masonic sentiments in future. I am deeply grateful, and may the Supreme Architect bless you all forever more.
